Note: Mockups were designed without knowlege that the website was to be a single page

AboutAreasScheduleRegaister

NatureHop leads enganging nature walks for **NatureHop members** around the natural areas of the Greater Toronto Area every weekend. Led by a group of naturalists and volunteers with varied and expansive knowledge of the local ecosystems. On these walks you will learn all about the adaptation of wildlife to the urban environment and what you can do to preserve it.

EXPERIENCE THE UNSEEN NATURE OF YOUR URBAN ENVIRONMENT

During walks we observe not only wildlife living in the forests but also the wildlife that has adapted to living in urban areas. With tips from our naturalists, you can learn how to take care of the creatures that are fighting for survival in the cruel and harsh city environment.

Through removal of dangerous litter and the providing of safe food we can help these little critters live a happy and healthy life!

JOIN THE NATUREHOP COMMUNITY!

You can help support our cause by **registering as a member** at only \$20 per month you get the value out of your money as the community and knowlege you'll have access to is invaluable.

Alternatively, you can apply to lead and assist in leading walks either as one of our registered naturalists or as a volunteer, based on your knowlege and qualifications.
