

GRO

# what is GRO?

GRO is a homework time management app developed for the ipad made for children 12 and under.

# How does it get homework done?

## Progress Clearly Displayed

- Encouraging to kids to show them how much they have accomplished.
- Allows parents to keep track of and encourage homework progress
- Rewards the student when work is completed

# How does it cater to children?

## Child friendly design

- Round
- Friendly
- Use of pleasant and primary colors.
- Friendly, cute mascot

# Some people say he looks creepy

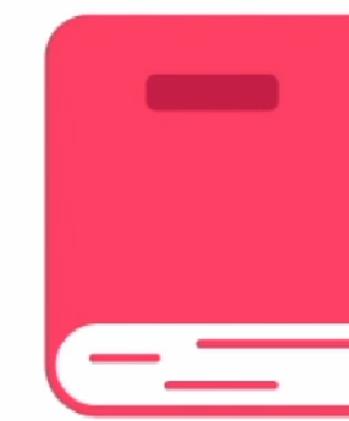

He has feelings too you monster

- His name is Mark I bet you didnt even know that

# Time Management System

GRO

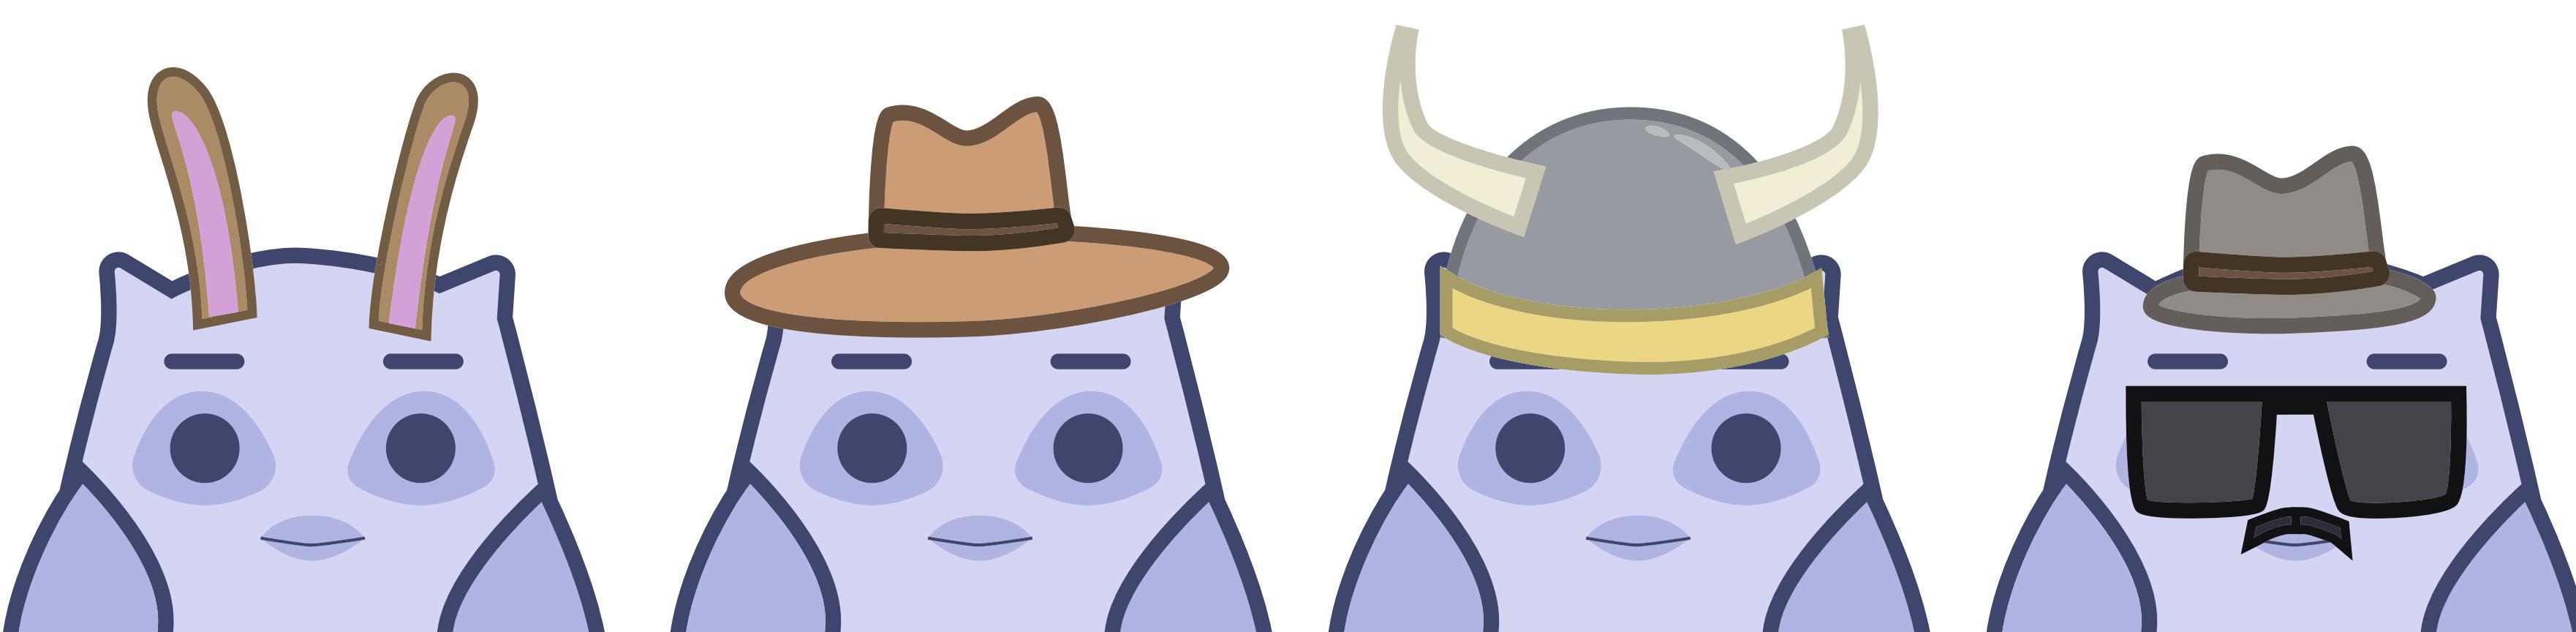

Welcome back!  
Lets GRO our knowledge

# How else does it cater to children?

Hat reward system for completing homework!

# Buy Hats in the store

GRO

Great job! Keep going like  
this and you'll be rolling in  
GRO points!

Back to teachers

Go shop!

Next task

**Wow Josh thats so cool but  
can it do anything else?**

Hell Yeah.

# Parents easily access information from teachers

# Conclusions

- Saves time and energy of parents, teachers and students.
- Well rounded, provides multiple functions
- Lightweight, easy to navigate
- In case I forgot to say it is an ipad app because kids under 10 are more likely to have access to an ipad over a smart phone at home and at school.
